

6xxx ALUMINUM SHREDS

Ecovery is a major supplier of aluminum products including 6xxx Aluminum Shreds. The aluminum shreds can be supplied loose in a dump truck or converted to RSI in our in-house rotary furnace. Our in-house laboratory employs strict procedures to sample each load to consumers' specifications prior to shipping. By specializing in 6xxx Aluminum Shreds, Ecovery can cater to the specific needs of the industry and provide high-quality aluminum products that meet your requirements.
